

TALK ABOUT FEET.

Troublesome Skin Affections Put to Rest by Psalman.

A recent exchange of experiences between two persons developed the fact that many of them were suffering from foot trouble which caused continual annoyance and serious concern. According to those who know, the best thing to do when the feet are tired, itchy, itching, chafed or broken out is to apply a little psalman and note how quickly the difficulty will vanish. Psalman is the new skin remedy which so rapidly combats the worst cases of eczema and all skin troubles, stopping all itching with the first application. It makes quick work of acne, herpes, tetter, scaly scalp, barbers' and every other form of skin. Occasional applications in small quantities will quickly banish pimples, bites, blackheads, blotches, etc. A special 50c package of psalman is prepared for those who use psalman for minor skin troubles and this, as well as the regular two-dollar jar, is on sale at Lee & Osgood's and Empire Drug Store in Putnam, Woodward Drug Store in Danbury and Chesbro Drug Store in Willimantic. But no one is even asked to purchase psalman without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-ninth Street, New York City.

Economy In Painting Your House

Does not mean buying the Paint sold at the lowest price per gallon. It means getting the Paint—the oil—the white lead that covers the most surface per gallon and gives the greatest number of years of service—in other words—the best value for your dollar.

Our Paints, Oils and White Lead

cost less because they take less and last longer. Let us show you pleasing color combinations, estimate quantity needed or be of any service we can, whether you buy or not.

FOUND HANGING IN HIS ROOM

Herbert Hart of Moosup Believed to Have Ended His Life Tuesday—Had Bank Account of \$1800.

A suicide by hanging was the second sensation of the kind in just a day over a week that Moosup received on Thursday afternoon. A week ago Wednesday Dr. Samuel P. Ladd ended his life by drinking prussic acid, and Thursday the dead body of Herbert Hart, 51, was found suspended by a rope around his neck from a nail over a doorway. Hart, who was single and had no relatives save two cousins in Rhode Island, boarded at the home of Mrs. Otis Gibson, on Sterling Hill, four miles from Moosup, on the road between Moosup and Sterling. He had two rooms on the upper floor, Mrs. Gibson living down stairs. Last Tuesday Hart told Mrs. Gibson that he was planning to go away and that she need not look for him for

three months. She did not see him again after their conversation. He left the doors of his rooms locked and Thursday afternoon John Frink, a neighbor, set up a ladder outside and entering through a window found the body hanging from the nail. From the appearance of the body Hart, it is thought, strangled himself on Tuesday. Dr. W. W. Adams, medical examiner, was called, and after viewing the body gave permission for its removal. Hart had been living at Sterling Hill for about four years. He did no work, as he had a bank account amounting now to \$1,800. For many years he lived in Sterling. The conversation preceding his act would lead to the belief that his suicide was premeditated, but his affairs were apparently in good condition.

DISTRIBUTING THE PRIZES.

Claimants Get Money and Other Awards from the Elks—Baby Took One of the Offerings.

The claimants for the Elks' prizes are coming forward after their awards. Instead of the 500 cigars B. C. Hannis offered \$25 in gold and the latter was taken by Alex. Rabinowitch.

A seventeen months' old baby was the winner of the couch, the name being Hurbane Belard. The father, not being able to write, made his mark in signing the receipt for the child. Miss McCormick has received her \$100 and the \$1,000 has been paid to Miss Leonard. S. B. O'Sullivan received one of the \$100 prizes.

William Dydo of Bridgeport, formerly of this city, was a winner of \$100 and when a telegram was sent him he supposed a relative had died and left him \$100. He at once came on and was greatly surprised to learn of his good fortune and no deaths. The shawl won by P. Hayes at the fair was the handwork of Mrs. Addison Avery, while the fancy work on the fancy table was done by Mrs. John Ansel. The life membership card in the lodge will be decided at the next meeting of the Elks.

Helping Out Rockefeller.

That Mr. Rockefeller is a remarkable man—he actually needs an act of Congress to enable him to get rid of his money.—Chicago Inter Ocean.

Bryan's Search for Ideas.

W. J. Bryan now seeks political ideas in Brazil, where the nuts come from.—Boston Advertiser.

Feet So Sore Couldn't Walk Down Stairs—TIZ Cured Her Quick

"You have sore feet, tired feet, swollen feet, lame feet, tender feet, smelly feet, corns, calluses or bunions, read what happened to Mrs. Rockefeller of TIZ. After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes." No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only remedy ever made which acts on the principle of drawing out all the poisonous excretions which cause sore feet. Powders and ointments merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, you wish, from our publisher Dodge & Co., Chicago, Ill.

Gold Dust has countless uses

Look at your toothbrush; look at your hairbrush, and your sponges through a microscope. You will send for more Gold Dust in a hurry. Gold Dust not only cleans, but it sterilizes, and you need a package in every bath-room as much as you do in every kitchen, in every laundry and in every pantry. Make an inventory, room by room, of the things Gold Dust will do for you and you will find many new places where you can "Let the Gold Dust Twins do your work."

When you want to put your business before the public, there is no medium better than the advertising columns of The Bulletin.

HELPING HANDS' WHIST.

Nine Tables Played at Home of Mr. and Mrs. George Lathrop.

Mr. and Mrs. George Lathrop of 116 Laurel Hill avenue were host and hostess at the Helping Hands' whist on Thursday evening. Nine tables were played and the prizes went as follows: First ladies, a charming dish apron, Mrs. Frank Lewis; first gentlemen's collar box, Mrs. William Freeman; consolation, Mrs. L. W. Crawford and Miss Helen Greene. Refreshments were served and the whist next week was announced to take place at the home of Mrs. William F. Bogus of Broad street.

HELD LIVE WIRE.

Insurance Representative in Demonstration Before Corners at Bridgeport, Takes Current That Caused Death.

Francois Marin, an employee of the Union Metallic Cartridge company in Bridgeport, was instantly killed two weeks ago by touching a live wire in the factory. Monday, in a demonstration before the coroner, Clifford Wilson and his staff, the same current was voluntarily taken by G. S. Lawlor of Providence, representing an insurance company. Mounting a stepladder he reached his hands to a spot in the ceiling where the wires were exposed. He clutched one of them and a shudder passed through him, but apparently he was not hurt in the least. The coroner and his staff heaved an audible sigh of relief when the experiment was over.

Although the current at this point is only of 450 volts there was much apprehension felt in view of the fact that it had been sufficient to kill another man instantly. Coroner Wilson has already brought a judgment of criminal negligence against the factory, but in view of the demonstration which was given to prove to him that the current is not dangerous, he may see fit to modify his verdict.

BIGGEST COAL CARGO.

Hauled into Port New Haven Harbor by Biggest Towboat in the World.

Hauled into port by the largest tugboat in the world, the Paul Jones, a barge is anchored off Belle dock, New Haven, with the largest supply of coal ever brought into that city by water. This steamer, which is a brand new, is confirmed by harbor officials, including the harbor master of New Haven, who states that the barge contains 14,000 tons of coal. The coal is for the N. Y. N. H. & H. R. R. Co. The barge which brought the coal is the John Forsyth, which arrived from Norfolk, Virginia, by the Paul Jones of the Thames Towboat company, the largest tugboat in the world, the barge for the first time through the rough sea with the water nearly up to the gunwales.

Nature Directs.

Dr. Ira S. Wile of New York declares that children who have been fed on laboratory pasteurized milk, contracted scurvy and that a diet of pure raw milk cured them. Here's another illustration that nature after all cures for everything. Nature provided of course, that milk should be used before it became contaminated. It was not intended that it should be peddled from door to door and carried hundreds of miles in unclean vessels. City congestion, though, calls

for conditions as they are today and to attempt should be made to destroy the great good that has been done by pasteurization of milk in the larger cities of the country, but, on the other hand if the people would keep from herding in the centers and live as nature intended, there would be no complaint along that line.—Middletown Press.

NOT THE ADVICE OF TOWN COUNSEL FANNING.

Reference Made by Assessors to Town Counsel Meant His Predecessors.

With reference to the assessors' efforts to have their bill of \$800 paid for work done after the time limited by law for its performance, and particularly in regard to their statement published in Thursday's Bulletin, Joseph T. Fanning, at present counsel for the town, makes the following comment:

Thursday forenoon Assessors Church and Reeves came to my office and I read over to them the following portion of the statement referred to: "Town Counsel Fanning says we are not legally entitled to our pay for this work, but the following statement of assessors have done lots of things that were not strictly according to the letter of the law with the town council's knowledge, consent and advice," and Mr. Church said "No, we meant our town counsel."

I continued the reading: "The Norwich assessors have never perfected their list strictly according to law. When they put property in the list at a fair market value and a description of the same, they will be carrying out another part of the state law. This with the advice of the town council no board of assessors has ever done."

I inquired if the assessors referred to my "advice" when they made that statement, and Mr. Church said: "No, but on the contrary you have repeatedly said that the law should be followed and properly listed at its fair market value."

I also called my visitors' attention to their statement that the first selectman had put them off their guard by saying that they could do the work on the exempt property after the regular time, and I asked them if they had not similarly solicited an extension of time from another selectman (Mr. Wilcox), and been told by him that the selectmen could give no privileges in the matter, that the law defined the duties clearly and should be followed. Mr. Church said that he had not talked with Mr. Wilcox, but Mr. Reeves, chairman of the board of assessors, said that he had spoken about the matter to Mr. Wilcox. This also had put them on their guard and led them to some law office (even mine), where the strictness of the law requiring them to do their work by the first list by January 31st would be suitably impressed upon them.

Mr. Church said that there was no intention of charging me with giving the assessors advice which was not strictly according to law, but anyone who had read the Bulletin might wonder where they could find more appropriate language in which to dress such a charge if in fact they intended to make one.

Life's Lesson.

An old gentleman, well on in years, sits humbly and naturally in the bow window of his age, scanning experience with reverent wonder, chirping and smiling, communicates the accidents and reads the lesson of his long career. Opinions are strengthened indeed, but they are also

A Great Musician

may master one instrument—piano, violin, flute or cornet—and much of the music composed for that instrument. But

The EDISON Phonograph

is the universal musician. Because it masters not only one instrument but all instruments. And it masters these instruments, not simply individually but collectively—it masters the entire band, the whole orchestra, the singing voice of the Grand Opera stars and the speaking voice of the monologist.

The Edison Phonograph brings to your home all of the best music of every character. It plays both Standard and Amberol Records—and Amberol Records play twice as long as Edison Standard Records, which means that on Amberol Records you get the many beautiful selections that are too long to be played on ordinary records.

Can you afford to buy an instrument that offers you less than the Edison?

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us.
